FINAL CONFERENCE
09 January 2018

On January 9th, the final conference of the JCA project took place at Start-up Lisbon facilities. The event started with the presentation of the project results achieved during the 24 months of project execution. At this event a roundtable was organized that joined Fernanda Ledesma, President of the Nacional Association of ICT Teachers, Teresa Godinho, Technological Education Resources Team-Leader at General Education Direction (GED) at Ministry of Education, João Marques, Teacher at Agrupamento de Escolas José Saramago and former collaborator at GED, and Domingos Folque, co-founder of Code for All and Digital Champion of Portugal to talk about topics like "Coding! What is all the fuss about?", undergoing initiatives of the institutions they represent and contributes to the "digital challenge" on the education of the youngsters in Portugal and in Europe, as well as future initiatives to implement. (See more on the JCA website)

FINAL CONSOTIUM MEETING
08 January 2018

On January 8th the last meeting of the Junior Code Academy project took place at Code4all office (Start-up Lisbon) in Portugal. At this meeting the last project results were presented and discussed. At the end of the meeting the partners' satisfaction was visible given the high quality of the materials produced and the dynamic way they were tested and implemented. For the future guidelines have already been drawn which will strengthen the sustainability of the results.
